Military Status: Completed

Profile

Full-Stack .NET Developer with hands-on experience in ASP.NET Core, Entity Framework, and Angular. Completed intensive training at ITI (Mansoura branch) and enhanced multiple projects, including e-commerce and interactive web apps. Strong skills in problem-solving, teamwork, and delivering responsive, high-performance solutions.

Education   09/2019 - 06/2023

Bachelor's Degree, Computer Science, Misr Higher Institute for Computer & Commerce
Cumulative Grade: Good
Graduation Project: Worked on INKAZ, a project that makes traveling safer and easier by helping people get quick support in case of emergencies.
Grade: Excellent.

Internship   07/2025 - Present

Full Stack .NET Developer, 4-month Program, Intensive Code Camp (ICC), Intensive Training Program (ITP), Information Technology Institute (ITI), Ministry of Communication and Information Technology (MCIT), Mansoura Branch.

Projects

Dice Game 🔗
- Developed an interactive dice game for 2 players where the first to reach 100 points wins.
- Implemented with HTML5, CSS3, and JavaScript (ES6+).
- Upgraded gameplay by adding a responsive UI and dynamic score tracking, increasing session duration by 20%.

Exam System 🔗
- Utilized C# 12 and .NET 8 to architect a modular system supporting 3 distinct questi True/False, Single Choice, and Multiple Choice.
- Developed an event-driven notification system to alert students in real-time when exams start, improving user.
- Achieved persistent data storage by logging all questions and exam results to files, ensuring traceability and enabling review of over 10+ exam sessions

ShopEase 🔗
- Optimized checkout flow, improving efficiency by 25% compared to the prototype.
- Reduced cart abandonment rate during testing by 15% through better UI design.
- Improved a responsive e-commerce app with JavaScript (ES6+) integrated with an external API, supporting 50+ products with zero critical bugs.

Technical Skills

- **Frontend:** HTML5, CSS3, Angular, Bootstrap, TypeScript, JS (JavaScript)
- **Backend:** ASP.NET Core, SQL Server, LINQ, Entity Framework, MVC, Web APIs.
- **Desktop:** Windows Forms.
- **Tools & Version Control:** Git, GitHub, Visual Studio, Visual Studio Code.

Interpersonal Skills

- Clear and confident communication with teams.
- Strong time management to meet deadlines.
- Effective collaboration in group projects.
- Quick adaptability to new tools and tasks.
- Ability to perform well under pressure.

Languages

- Arabic (Native).
- English (B2 Intermediate).
